Addiction Foods Voluntarily Recalls Limited Lots of New Zealand Brushtail & Vegetable and New Zealand Venison & Apple Canned Dog Food

Release Date:

Wednesday, August 31, 2016

Addiction Foods LLC of Seattle, WA is voluntarily recalling very limited quantities of our New Zealand Brushtail & Vegetable and New Zealand Venison & Apple Canned Dog Food.

Our testing has identified elevated levels of Vitamin A and slight variance in calcium/ phosphorous ratios. There have been no reports of animal health concerns, but these particular lots do not meet our quality standards. If dogs were fed exclusively these products for 60 days, the expected effect would be a reduction in appetite. Exposure to excessive Vitamin A levels for an extended period of time may cause adverse health consequences in young, growing animals. Therefore, out of an abundance of caution, we are voluntarily recalling these products.

Addiction Food's top priority is the safety and quality of our products. We are taking immediate action and implementing additional operating procedures to prevent an issue like this from occurring in the future.

No other Addiction Pet Food products are affected by this recall.

The affected product was shipped to select distributors and online retailers between February 11, 2016 and March 19, 2016.

Products affected by this announcement:
